*alpha*Cube Assay Templates for Mic qPCR Cycler

_alpha_Cube_2022-08_V02
contains 33 RUO Mic assay templates and 33 IVD Mic assay templates for *alpha*Cube tests as well as additional documents for handling.
V02 contains the new Mic assay templates for *alpha*Cube respiraRNA 3.0, *alpha*Cube Borrelia-Rickettsia, *alpha*Cube Monkeypox virus and *alpha*Cube P.jirovecii quant. The assay template for *alpha*Cube respiraRNA 2.0 was removed.
All assay templates for the RUO Mic cycler are now also available in IVD version for the IVD Mic cycler.
In the new version of the Mic Cycler FaQ additional information regarding the IVD assay templates is given.

You can download Mic assay plugins via https://www.mikrogen.de/downloads.html
