|----------------|--|
| Product | Anti-Coli O 55:K 59 |
| Catalogue no. | TS 2204 |
| Package size | 1 ml |
| Lot no. | 0010118 |
| 2023-01 | 2023-01 |
| Intended use | Anti-Coli O 55:K 59 records all <i>E. coli</i> strains that contain the antigen O 55:K 59 in slide agglutination. In the Widal reaction the serum reaches a titre of 1:1600 (tube) or 1:800 (MTP) with the homologous <i>E. coli</i> strains; deviations of ± 1 titre step are acceptable. |
| Specificity | Since unspecific co-agglutinations with other <i>E. coli</i> strains often occur in the slide agglutination test, a positive result in the slide test must always be confirmed by examination of the boiled <i>E. coli</i> isolate in the Widal test. |
| Preservatives | Sodium azide 0.9 mg/ ml |
| Storage | 2 °C... 8 °C |
